**Instructions to Students:**

- Attend Classes using your Laptop/Desktop PC. Every student needs high speed broadband access (LAN, Cable or DSL) for the optimal learning experience. While tablets, smartphones and other mobile devices may allow for some completion of coursework, they are not guaranteed to work in all cases. DO NOT RISK YOUR FUTURE. We recommend that students do not attempt tests and quizzes when using a mobile device, such as a smartphone or tablet, due to compatibility issues.
- Attendance downloaded from Microsoft Team and Moodle will be uploaded daily before 6 PM in the Institution attendance web portal for the purpose of sending to Anna University. Students are advised to attend their classes regularly and should have minimum 75% attendance in online classes in every subject in order to become eligible to appear the Nov/Dec 2020 Anna University examinations.
- Use Windows 8 or 10 with Firefox, Chrome, Internet Explorer 11, or Microsoft Edge.
- Install Microsoft Team and save login username (your official email ID) and password for quick access
